

JUDGMENT IS COMING

December 9, 2022

YAHWEH:

Let's truly see. Can you write this great work with human seeing? Tell Me, can you?

SEERSGATE:

I look back at the work. You are able to give me ways of wisdom and understanding that is above the common way. The wisdom I take in—I could tell it's not my level. And I have not sat in a church under a local house since 2011. But something has happened within the past year or so. Before, I was at one level. But now, the realness is not in having experiences. Rather, Yahweh is breaking apart what is seen. Yahweh is showing me the motive for a person and what they say. It's as if he has a thought and shares it with me.

YAHWEH:

Can you see and hear based on what other Christians move in? Or is your wisdom a new power way? Power is here and is also reflected in seeing and hearing pertaining to spiritual elements. To hear and see in this way will need a direct impartation from King Jesus. It isn't for the whole Church, but rather a few will drink a powerful way of hearing and seeing that has a way to bring an influence to all to bring a turn in the Body as a way of bringing Kingdom order.

Why do I need a judge/prophet/warrior right now? The judgment of the Lord is coming. What does the Lord's judgment look like? Great power from unexplained ways with realignment. Removal of old ways, replaced with Yahweh's plan. A stripping of titles and authority. A humbling of self. An honor brought forward to Yahweh.

No one can escape judgment. I will take a look at every church. There will be a weighing. I will look at what they did with King Jesus. An honoring of self will be dealt with. Rebellion against My written Word will be revealed. I will curse those who come against My great power. I will not bow to the Kingdom of Satan. I am Yahweh.

There will come forward death threats against My servant as if these words come from her. There will not stand a way of rebellion. I will cut off those who will not bow to Yahweh. Great power, great consequences for irreverent actions. There will not have a way of sharing the stage with those who honor a Satan worker, nor will I give a time for demons to have microphone time.

There is no one who can fool Yahweh. A grave warning comes forward.

If you are filled with demons or have irreverent ways of action and will dishonor Yahweh/King Jesus/I AM—there will be a weighing. God Yahweh will decide whether to kill you for coming into a potent level of My nature without examining yourself. I will give out judgments just as in the old days of Elijah. I will strip away how grace brings no heavy action.

I will pour out harsh judgments so that My Bride will bend. I will bring forward the real Bride and start a major harvest pushed by real miracles. The fake ways of what I smell will be dealt with. Be careful of what you say with your heart. Weigh and judge doctrine, but do not need to kill or usurp a prophet.

Yahweh is preparing the world for the return of Christ. Now get ready. Repent. Repent. Repent. Do not be weighed moving against Yahweh.
