

YOU ARE A COWARD, SERVANT

January 13, 2021

1:40 a.m.

SEERSGATE SAYS:

God called me a coward. The pain of hearing Him say exactly how He views my nature tore into the deep ways in my character. How would I be able to say that I will always give others His will when I was ashamed of the calling He placed upon me? How could I love God with all my heart yet live in shame, ashamed of what humans would think? Here, I will say, Yahweh still speaks, and He is willing to work with a vessel yielded under His care.

YAHWEH SAYS:

Hear Me clearly. This will be very overwhelming to your way. We have trained you a well way that is very difficult to explain to others. They see the prophet stand on stage and quote a few tickling words, and they see that these many people travel to see the prophet in hopes of a miracle. Where is the training? Where is the set apart way of living? How come these so-called prophets see with human seeing and get no word from My lips?

Where are those who seek Me? Why? Because saying that a prophet is covered in their duty takes more than sitting in a church with impartations from locals. Is it wrong to gather and sit? No. Is it wrong to declare the ways of Scripture even with no formal calling? No. The Bible is My way of telling the people of My will.

What about these prophets who have just a title, only? They were chosen based on the level they can bring influence with the gathering given, but they are not ultimately shifting the spirit realm.

With you, I did not want any human to take credit for the way We trained you in the wilderness. We have taken your spirit into such deep shifts that it looks like you do not have a moment of knowing what plan to really move forward with. Is God dumb? Is the real God scared of failure? No. I can see into eternity, and with you, your plan in living in that dwelling in Heaven will begin even before you are in the death phase.

We will make you visit Heaven continually so that your way will stay pure and in a healed placement. I will not give you more than you can carry, yet with a world-level way in being rejected, you need Me to continually give a visit to your home in Heaven. When you stay there, it will be as if you were already dead in the death phase. You will spirit travel and leave your outer shell in the bed and will come and visit often.

We have trained you for over thirty years; most prophets of today take in no more than a few years. Why are We so hard with your training? Look at Moses; he dealt with Israel and spoke what Yahweh gave towards the Egyptians for deliverance ways. With Moses, he walked in a great surging, and when people attempted to keep him hindered, the glory of Yahweh came down and brought a way of validation that also brought death sentences upon the ones who were counted with the rebellion.

Moses dealt with one nation. Just one. But We call your spirit to world plans of building healing rooms and major world-level business outlets. How can I treat you like others? You will never fit in. You can never escape the call. You can run, but I will find you and drag you back even if I have to kill off your entire family.

So, hear Us in a clear way. I am not going to let you take on a regular living and pretend that you are a plan that is just like everyone else. I will not let you engage the ones who spoke ill against your work. If they slandered the work that was given, they will stay in that plan and become as a person who you have never known.

I will not have you isolate from the ones who are seeking Yahweh. If they call out and seek My face, I will look upon them and have mercy upon their way. I will have you let

everyone into the work way, but there cannot be a break within where you turn and crave sin. There still must be holy living.

What is within? You have been cowardly when the way was given to build. With the work way, you hide at home, not wanting these books to come out. I have given you a special name: Seersgate. Yet you insist that that will look as if you exalt your own way. We give you the World Prophet title and surging, but you are ashamed and would rather hide behind old translation work. We gave your skin a young look where people think you are siblings with your children. We gave you very major visions and dreams and spiritual encounters, but it's still not enough to make you take in the real work.

You are a coward, hiding behind the stale bread from dried-up old ways from the faith healers who will speak out against you. Those very same television leaders will say you are a fake, a heretic, a cult leader, and a jezebel. Who will stand with a reformation prophet when I tell your way to say death sentences just as Moses did? Who will walk beside you when it is clear that those who walk against Me will slay their way with their own arrogance in My presence that surrounds you? Didn't the earth swallow up the ones who tried to usurp Moses and take command? Didn't My anger fall when Ananias and Sapphira came and lied about their way in leftover wealth?

Did My nature change since the old days and the days of Scripture? Who are you worshipping? Some desert god or a fake wooden idol? Know your place and begin to bow over and begin building up My great way. You cower because no one is saying to you, "Well done. Good job sticking it out, waiting for nothing." Isn't that where you are, still waiting, in hopes that I will look upon My coward servant and give her great power so you could sit at home and hide.

This is your fault. You should have stood your ground concerning relocation. And now, we have to build in an old well. This is your fault, World Prophet, not his. He has a way to be led by emotion, unable to feel Me surging within your spirit. Why? When he has, in the old ways, there was great tension because the surging is My presence, and it brings

sin to the surface. Why are others ignoring your way? When you let My Spirit speak through you, people shy away and hold a grudge.

You just now see that there will never be a way to shut Me up. Why? We have a covenant, and We must work in this plan, as one, to bring great surgings into this land. Please see. When We say We want it done a certain way, We can see it—the full work way. We never move in guilt, but working with a human who feels guilty makes Me bend to a certain way that makes My will come forward at a later timing. Can you see?

That's just as with My plan to take ninety days, eating fruits, vegetables, and limited protein. You did not think that it would be powerful enough, so you wanted a liquid way. We made you gain excess weight so you can see how people treat heavier people, but that way is done with. And when you began the liquid way, I called out to your spirit and said that I am not pleased with that way. I love you, but I must have your full surrender to all of My way in leading these details.

And this is harder than you ever thought to trust a God you cannot give any a proof of. This is where I needed you, where no one stands with you and declares you are a real prophet in the open. Who thinks that you will pray to Yahweh and actual dead people will come forward? No one. Good. Then, no one can take the credit and say that their ministry and their holy water cured them. No one can take credit for the wave of My power that will sweep over the nations.

You said that healing miracles are dead, and you are hungering to walk in creative ways of miracles. Well, where is your faith? You talk a lot of sayings, but your actions are a coward's way.

We trained you as a world-level prophet while in the wilderness in Kodiak, and with that way of training, you tasted all that will be poured out. In the wilderness of Alaska, We gave you deep surgings so that you would learn what power really feels like. And that's where I came to you in a dream and touched your hands. I looked into your eyes and gave a deep way of engagement.

Your heart craves for the ways of the wilderness when that is what I am giving out with a full presentation. Yahweh is the way to get power to become what is said. A person gets promoted to a new work, but they need to train in the new work duties to become a stable learned way. This is with any new natural work plan. A person gets a job and has the pay, the title, and even a little authority, but there is no real understanding of what will take way until the work way is given.

That's you as a world-level prophet. You have a job title. You have a filtered delegated authority. No proving has taken way, and no presentation has started. And you wonder why have the job title, and work, when it doesn't match how things really are. Should I give the great power and not have you phase into each level in careful ways? Or would you prefer that death sentences and instant raisings from the dead come out from your prophet's mantle without learning that there will be consequences for handling the power irresponsibly?

What are you afraid of? That We will leave you and make you take a regular work as a form of prison to teach you a lesson. We are in a real covenant with you. Wait till the full birthing is done. And when Mother's Day 2021 comes, a three-year presentation begins. As a world-level prophet, in a local way, honor the house leader and never speak when they do not give My way a way to be spoken. We stay here in Houston so you can gain great wealth to go and obey. Let the blame come. I will back up My great will.

Now, enter the way that I gave: fruits, vegetables, and limited protein. Build with your work title. Put the Seersgate platform forward. Take care of him. Soon, when you look in the way of South Florida, the great distance between you, in land, will be in another way: filled with Kingdom purpose and not spite. You are given the way. Now walk in it. I will bring the power forward in waves of surging that build with your natural presentation way. Let's take in the shift, servant. Become a bold warrior.

YAHWEH GIVES A DECLARATION:

What do people want more than anything? A feeling of safe ways. Take a look at how God is seen as a mythical God who will not give safety. They think I am too far away to come and help them in times of need. What have I done to gain the way of trust? I came to this earth and made a way to become a Kingdom citizen. I made a way for all who would turn to Me and embrace what is within Me: eternal living. There is no other name under Heaven by which any can be made a Kingdom citizen.

Nobody can give eternal life through using an anti-aging plan, skin surgery, facelifts, and other body alterations. Death is coming to every person that is alive on the earth. What if Yahweh has power to alter the dying plan, where He gives rejuvenation to skin cells? Could Yahweh open the first healing room with demonstrations already given in street ministry? What faith is needed to have creative miracles takeover? No human can have enough faith to yield creative miracles. Even Moses questioned Me on how to feed and heal the people.

What if there is a cure for the deadliest killer disease? Would you pay anything to get the antidote or the cure? What is the going rate for a real creative healing experience? You will never be given Yahweh's permission to yield a going rate in exchange for power. Servant, I really trained you in the wilderness of a thirty-year season. I really did take you to see your home in Heaven. I let you eat the fruit flowing through the city. It is all very real. I do not have to take you into another strained testing way. Why would I need to place a further strain on your marriage way? Why wait?

You are a ready way to take in the full way of release this very day. Do not hold on to the old way. Drink in great surgings. I know you will endure the way of such a long season in transition, but Mother's Day 2021 still stands as the beginning of the three-year presentation.

To have that way take a leading, We have to give you delegated authority to get this way built, in great details. It is a great work. You will give them surgings. This is the beginning

of the era of a reformation prophet. I am well pleased. I will never have you do this great way without Kingdom favor. Yield. Good.

Note: The final way was placed in order in the year 2022.
