YAHWEH OPENS THE TALK:

Seersgate, what is coming—there will not be Satan stopping it. I needed the people to continue to be Satan-influenced to show how great My power is. Let them think they win. Let Satan worshippers think they serve a real god. But something is coming that will shake the whole world. There is judgment coming to place My Church in order. But not only will the Church be dealt with: there will be a visit to these world-level nations of influence. There will be a visitation, and there will be a weighing. Your God Yahweh will go down and take a look at these nations to see if the sin is as bad as what is coming up into these Heavens where My Thone is.

SEERSGATE SAYS:

They say, "Look, I can change God's Word and make it say what we want. I can bring in these cultural changes, and no one will say they know better. God is love. I can do what feels well, and there will be no judgment. Since God is love, anything is included based on how what I do makes me feel."

Yahweh says, "When they think that there will not be a weighing, I will come, and the evil ways will be judged."

YAHWEH SEALS IT:

Woe, woe, woe. A warning: Do not feel that you are safe in saying your sin is a pleasing way. We are entering a new way: instant judgment and death.
