

# A WEAPON AND DANGEROUS?

What makes Seersgate so dangerous is the giving of prophet traits from Yahweh that enable her to wage battle warfare against spirits at the level of world-sphere engagement. Here are just a few prophet traits that Seersgate carries:

## NOVICE TRAINING

- (1) Hearing Yahweh as if another physical person stood in her personal space and gave her wisdom.
- (2) "Spirit travel" by power from the Great Holy Spirit on Yahweh's plan (Examples are trips to Heaven and Hell).
- (3) Hearing private conversations or secrets without being present. Yahweh plays the conversation back as if Seersgate was there.
- (4) Yahweh reveals a person's heart and motives in doing an action.
- (5) Yahweh reveals what "spirit" (Great Holy Spirit, angels, or demons) is working to influence a person.
- (6) Yahweh enables the ability to see and hear the spirits of the unseen.
- (7) Yahweh gives visions and dreams concerning others.
- (8) Yahweh gives an interpretation of dreams about other people and what is given within the prophet.
- (9) Yahweh enables the ability to smell angels, demons, and influential traits under the spirit's way of presentation.
- (10) Yahweh gives the ability to gauge the environment for the presence of spirit beings.
- (11) Yahweh upgrades the prophet's abilities in spiritual ways to better engage materialized spirits.
- (12) Yahweh enables the prophet to have His spiritual wisdom on glimpses of plans as if viewing a vision.
- (13) Seersgate is enabled to hear Yahweh in word-for-word conversations and dictate and repeat what He says.

(14) Seersgate's office covenant with Yahweh enables a sharing of His will without waiting on "soaking" music to "take effect." Seersgate's enablement to engage Yahweh is as if living in the days of prophets of old.

(15) Seersgate's meetings with Satan about Yahweh's future work are given at the will of Yahweh. Satan goes through the forty angels in Seersgate's angelic guard, begging her not to go into Las Vegas to take his hub away. Yahweh still reviews this particular meeting. Seersgate will yield to however Yahweh goes.

(16) Yahweh pushes world-level messages about the upcoming Age of the Antichrist and gives Seersgate His will in surgings.

(17) Yahweh gives delegated governing authority to give words of singing and prophetic praise that bring Yahweh's singing plan into a church building or clay (the human).

(18) Yahweh enables a delegated governing to have Seersgate's mantle shared with others under Yahweh's work attached to Seersgate and Royal Sanctum. Yahweh is continually "interviewing" future team workers who will be able to take on this level of work; this mantle trait will include giving a surging into others to give them a plan to move forward in working with Seersgate.

(19) Along with the forty angels Yahweh enlists in Seersgate's angelic guard, Yahweh also gives a host of angels in the nearby heaven who work with Seersgate to bring Yahweh's plan forward when needed.

(20) Thirty years of novice training (with excerpts covered in *The Altar*) outline how Yahweh gave her ways to learn of His nature and spiritually strip her from fleshly pride. After the upcoming full release, Yahweh will continually deal with Seersgate and shape her to build Kingdom order in natural buildings. As Yahweh wills, more traits will come forward in the world-level ten-year mantle training.

## WORLD-LEVEL MANTLE TRAINING

As Yahweh leads, these are some of Seersgate's work placements:

- (1) mantle will have full world-level enablement over world governing authorities
- (2) shift human clay

- (3) raise the dead
- (4) photos will bring the spirit world forward
- (5) creative miracles
- (6) body organs, limbs, and structures that are deformed will grow back or reshape
- (7) building healing rooms and bringing in a world-level harvest
- (8) travel in the natural body at a moment's notice from one nation to another without an airplane
- (9) modern-day prophet of old traits
- (10) Three-level prophet trait surging, greater than all previous ways to prepare the world for the return of Christ
- (11) "One of the greatest prophet traits you will manifest when within Yahweh's way: raising a buried dead person." —Yahweh
- (12) Demons will cause their hosts to wiggle on the ground when you walk near them
- (13) Carry the weight of a spoken curse that can go out on Yahweh's order, with a covenant enablement to bring death through touch and vision engagement with the intended
- (14) A transfer of an illness
