

# **I WAS BANNED FROM SPEAKING IN CHURCH**

## **THE GREAT KING JESUS SPEAKS:**

What can I say to make the servant see it, that she will lead a way of deliverance within the whole Church way? When will you see it, that We gave you major messages to tell that church way? But it wouldn't have made it better for you if you truly never dealt with rejection of this degree. They will turn and truly embrace all of Our messages and will long to have you lay hands upon them. That church in Kodiak was the perfect testing will, and with that little church, you were being held under banned ways of speaking.

Please, servant, hear Us. There will be many who will turn and drink this major work when We turn you into the way of presentation. Your full way will drink a heavy surging that will bring creative miracles into the people's way. Servant, you are already changing within. You are already dealing with shiftings within. You speak major messages even this day. But what was going on in Kodiak: they could not see you. You were in the Incubation Stage, and it would have been impossible to see who you really will be without Me revealing it in their own personal way.

We told your spirit that you could speak major dealings, but no one would believe you. It's because We wanted to train you on dealing with rejection. We needed your full way to be extremely stable in the faith. We needed you to know Our will in clear drinking. We needed you to trust Us with how We wanted to train your whole way. We needed you to believe Me in every detail. We would need you to trust Me completely, with a faith that cannot be hidden.

We need a warrior who can handle the current leaders of the Christian way and not waver in your beliefs. You have to tell them that We will have you pray to Me so that I will raise Paul Walker, Miles Munroe, and the singer referred to as Prince. We cannot have you ever feel shame for believing in this. We need your whole way to fully embrace this Kingdom work.

We will take you into the Hell. You will take a photo of King Jesus with your camera, and you will give Me full glory for giving you this major work that will set a great deal free from sin. You will never doubt Hell being a real location ever again. You will never doubt the reality of this way that you will turn. We will show you your true spirit when We take you into the Hell. This will be a major plan that will make you concrete, even when other churches ban you from speaking.

Even when others say you will never be in the Great King's will, We will back you. We will give you strength. We will stand with you. It's a covenant. You will be able to see so clearly in the spirit realm that when you deal with humans, We will enable you to see every detail in their personal space, such as angels and demons in the near vicinity. We will begin this will. There is a concrete purpose. And We will seal it within you where it will never be hindered by the ways of the world's distraction.

Drink in King Jesus. Other churches will not know what to do with the messages, with the power surgings, with the major demonstrations in their midst. But even while you learn the full use of your mantle, do not keep an inward way. Be willing to speak in your Great King's name. Be willing to take on rejection. Be willing to stand unashamed in Me. Be willing to say to the whole world that you believe We will raise them. I will raise them, and all you have to do is just pray to Me, King Jesus. All you have to do is submit to the King's will and follow King Jesus in every detail.

It's coming. It's coming. It's coming. What is coming? The testing. You will go to Hell very soon. Be ready to engage Satan in his home element. Be still. We will strip you within of your fleshly way so that you will be led with a spiritual plan over natural emotion. Shift, and do not worry; We know your limits. And We made sure We stretched your spirit to hold this new level of surging. You will do Our will. We see the full plan.
