

LET'S BEGIN A DEEPER WAY

THE GREAT I AM SAYS:

I hate how there is so much discord in My churches, My gatherings. People want to hear from Me, but many who attend church do not even speak to Me during the week. I barely hear from them. The prayer they offer is as dung to Me. They call Me their friend, but they do not even know of My ways, of My heart. How can I entertain their way? How can I sit there and listen to their pleadings for a newer house and enormous fun spending? They put in their offering like they play the gambling machine, saying to themselves, "If I give more money, King Jesus will favor me." I do not bend based on bribes. You cannot make Me be like your way. Here is what I want: clean hands, pure hearts, and undying service to Yahweh.
