## **YAHWEH SAYS A FINAL MOVEMENT:**

You are leaving here. You are turning even right now as We take you into this major way. Take a look at how We cater to the way. The Houston plan is no more. It is done, and Yahweh will need to give you a greater presentation even in this early way. The Houston area has heavy ways of being under natural water due to rain.

It is a heavy way to pay just to be emotionally led within his thinking. You were willing to be here, but Yahweh is not yielding to building up a major power way with three to five starter surgings of business outlets. See. We are no longer yielding to the head of household dealings when it pertains to world-level operations as a world-level prophet.

You are not how they perceive Me within you. No longer stay hidden. Give the people Yahweh's will. Let them drink the great Kingdom power way. We see those who have walked against you, and there will not ever be a way given to deal with any enemy as if they are a friend.

Be careful of those who spoke ill against your way and how Our work moved within your heart. Servant, do not pretend a close way with others who once did not want to enter a covenant of friendship with your way.

Fame in Kingdom power will bring those with good intentions and those with bad seeing ways. Do not feel that you have to visit a person who has ill feelings. No, the work will fulfill Me. Seeing Me work through your work will bring Me great happiness. We have had a varied way with enemies. Love your enemies, but I will not grant a bed of covenant with your enemies. Whatever was last spoken by an enemy will stand as their final way.

All across the land, you have traveled, and all across the church ways have your way visited. Now it's time for the real world-level presentation. There is a demon that is known as Master Deceiver, and that demon has a way to stay hidden so well that it took Me telling you of those various signs to look for pertaining to that way. And it caused great pain within to say that there were also bits and pieces of the conversation that seemed off but were not enough to cause a check in your spirit. This is a world-level demon, and Satan will use Master Deceiver as his presenter of the way of evil that will begin. These humans need to learn. Train them. Master Deceiver will be mentioned in book three of this outlet.
